By Jesse Pohlman

Pohlman Press, United States, 2012. Paperback. Book Condition: New. 229 x 150 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.As a professor of physics at Catskill Community College, Emmett Eisenberg has a fairly pleasant life. His girlfriend, Dr. Maria Montclair of the Psychology department, is quite the catch! His job pays well, and his reputation in his field is top-notch. He even has students who appreciate his approach to academics, though they lack his passion and talent. His unique view of the world - best reflected in his ability to see and manipulate atomic structures - has afforded him unlimited opportunities, so when a former colleague of his invites Emmett and Maria to reunite in New York City, he agrees. Unfortunately for the physicist, meeting with his old friend Jethro Marx opens up a door to his past; to ten years ago, when he, Geddy, and his fellow geniuses conspired together at a secretive research center called Connor Point. The public's knowledge of the results are as false as they are vague: A nuclear accident forced Connor Point's closure. It was safely dismantled, thanks in part to Emmett and Geddy, however the details are...
