## The Runaway Problem, or Would You Throw the Fat Man Off the Bridge: a Philosophical Conundrum

By Thomas Cathcart

Workman Publishing. Hardback. Book Condition: new. BRAND NEW, The Runaway Problem, or Would You Throw the Fat Man Off the Bridge: a Philosophical Conundrum, Thomas Cathcart, A runaway trolley is hurtling down the track, brakes gone, aiming directly at five track workers who won't be able to get out of the way. You happen to be standing next to a lever that would reroute the trolley onto a spur where one worker is in the trolley's path. Would you pull the lever and reroute the train so it kills one person instead of five? How about this scenario: same runaway trolley, same five people in its path but this time there's no spur. You're observing the action from a footbridge over the tracks. The only way to stop the tram is to put a heavy weight in its path. A very large man happens to be standing next to you - do you push him onto the track in order to save the five workers? The Trolley Problem is an ethical thought experiment dreamed up in 1967 by British philosopher Philippa Foot, and further developed by American thinker Judith Jarvis Thomson in the '70s (she added the big man on...
