Excerpt: .About thirty (30) of those who received permanent injuries are so badly disabled that they will require some support as long as they live. More than a thousand of these men are so mutilated that no military organization would muster them in, and at the rate at which they are injured each year in this State, an army corps is retired within the brief span of a man s life. Parts of Body Most Frequently Hurt. Elsewhere in this report will be found a complete and detailed statement of about every permanent injury which happened in this State in 1914. Each man who had part of his body cut up or mashed to a pulp, or suffered even less, was compared with a normal man who was sound in body and mind and an effort was made in each case to measure the difference. This loss was expressed in per cents and when such varying items as occupation, age and wage were given proper credit, it was possible to determine, with a fair degree of accuracy, how much each man was below normal. Taking everything into consideration, it was determined that, on an average, each man who fell in this class had lost about eighteen or nineteen per cent of his economic self. That is to say, he is worth to himself and to society about eighty-two per cent (82) of his original value. The part of the body which is most affected...
