He helps Americas businesses, from the very small to the very large, think their way to a better future. He has developed a formula for creating the future you deserve and applied it to the nation. The Code can teach us many things about the third largest country on the planet in terms of both land area and population. American is more a nature than a nationality. Being here doesnt automatically make you American any more than joining a team makes you an athlete. But you dont have to live in America...
