Thorough manual for pdf lovers. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

LAP Lambert Academic Publishing Jul 2012, 2012. Taschenbuch. Book Condition: Neu. 220x150x9 mm. This item is printed on demand - Print on Demand Neuware - This qualitative and phenomenological study explored seven core domains: cultural adjustment experiences, perceived American values, relationship patterns, acculturation challenges, ethnic and discrimination issues, school and work experiences, and stress coping mechanisms for Ethiopian immigrant college students in the Twin Cities. In-depth interviews were conducted with nine male and six female students between 21 to 39 years old. A Consensual Qualitative Research approach was used to analyze and interpret the data. The study found that Ethiopian immigrant students have social interaction challenges among themselves due to tribal and political issues in their home country. However, they adopted integration strategies and learned new values. It is recommended that an Ethiopian Community Center include orientation, counseling, and research centers to improve the situation. 144 pp. Englisch.
