Reviews

Absolutely among the finest pdf I have got possibly read. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

FIRST STEPS IN GEOGRAPHY (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from First Steps in Geography Plan. - This book covers the work of two school years, either the fourth and fifth or the fifth and sixth. It offers a brief course to pupils that must leave school after only two years of geography study, and it also leads by easy steps to the larger geography. Aim. - The aim is to show man's relations to nature. These relations are traced through such broad topics as surface features, climate, products, industries, trade, states, cities, etc. Commerce. - History follows routes of trade. For this reason commerce takes a leading place in this book. Products and industries leading to commerce are given many special maps and lessons. This is clearly shown on pages 55 to 65, where cities are treated in their industrial relations. United States. - Every pupil should know the leading facts about his own country. A large part of this book is devoted to the United States. Pictures. - The pictures supplement the text and are true to nature. Nearly all were engraved from photographs. Maps. - Special attention is called to the number and variety of maps, as well as to their accuracy. For example, under North America see the shaded relief map on page 40; colored relief map and zone map on page 41; political map on page 43; plant and animal maps on pages 45 and 46. The great relief map of the United States on pages 140 to 141 is photographed from a raised model. The Philippine maps on pages 117 to 121 will be of great help in following current events. Helps. - The Helps after each lesson are...
