New Bharatiya Book Corporation, 2002. Hardcover. Book Condition: New. 1st Edition. Theism has got a unique place in Indian Philosophy. Its uniqueness lies in giving support to mythology. In Indian mythology gods are taken as saviours of the suffering human-kind and all living beings. This theism in Indian Philosophy is also unique because human beings are considered as the children of the God. Though there is difference of opinion about accepting the existence of God, majority of Indian Philosophy systems supported the existence of God and His strong desire to come-down from their heavenly abodes to the earth to save their children. It is in this direction, the concept of Avatara has attained significance and meaning. No doubt, 20th century was the age of new technology and knowledge. Man has really achieved tremendous developments socially.
