Createspace, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.If you believe some news stories, the latest iPad update (iOS 9) is radically different and you should beware of updating! They re wrong! This book is for both new users of iPad and those upgrading to the latest update. I ll walk you through the changes and show you why updating is nothing to be afraid of. The iPad doesn t come with a handbook / user guide, but don t believe other handbooks that tell you that s why you need to buy their handbook! iPad does have a handbook! So why do you need this book? This book was written for my parents; people who needed to know as much as possibly, as quickly as possibly. There are people who want to know every single little detail about the iPad, and you will find that in Apple s comprehensive manual; but if you are like my parents-new to the iPad and just want to learn all the basics in about 30 minutes or an hour, then this guide will help you-people who just want to know how to add their contacts, take photos, and email. It s not for advance users, although if you are upgrading from the previous Apple iOS (iOS 8) you will probably find it useful. If you are ready to learn, then read on!.
