Reviews

The book is great and fantastic. Better then never, though i am quite late in start reading this one. I realized this publication from my dad and i advised this ebook to find out.
(Dr. Blair Mann)

POCKET TUTOR ECG INTERPRETATION

JP Medical Ltd. Paperback. Book Condition: new. BRAND NEW, Pocket Tutor ECG Interpretation, Simon James, Katharine Nelson, Titles in the Pocket Tutor series give practical guidance on subjects that medical students and foundation doctors need help with "on the go", at a highly affordable price that puts them within reach of those rotating through modular courses or working on attachment. Topics reflect information needs stemming from today's integrated undergraduate & foundation courses: * Common investigations (ECG, Chest X-Ray, etc) * Clinical skills (procedures, patient examination, etc) * Professional development (ethics, statistics, etc) * Clinical specialties that students perceive as too small to merit a textbook (psychiatry, renal medicine) Highly structured, bite-size content helps novices combat the "fear factor" associated with day to day clinical training, and provides "just enough" for a new rotation. Key Points * Highly affordable price and convenient pocket size format - fits in back pocket! * Logical, sequential content: relevant basic science, then a guide to understanding a normal ECG and the building blocks of an abnormal ECG, before describing clinical disorders * Clinical disorders illustrated by a full page 12 lead ECG with brief accompanying text on facing page that clearly identifies the defining feature of the ECG (in other words, what is it that makes this atrial fibrillation?).
